To Whom It May Concern,

It is my pleasure to recommend Jacob Smith, who worked with me as an intern and consistently exceeded expectations. Jacob is an exceptionally intelligent, self-motivated, and driven individual who brings an outstanding combination of initiative, critical thinking, and a positive attitude to everything he does.

During his time working with me, Jacob demonstrated an impressive ability to take ownership of projects and see them through to completion with minimal direction. He consistently delivered high-quality work on time, often ahead of schedule, and proved himself to be someone I could trust to manage responsibilities independently. His project management skills are excellent, and he has extensive experience with Microsoft Project for the Web and Planner. He is also a quick learner who can readily adapt to new tools, interfaces, and programs, making him an asset in any fast-paced or evolving work environment.

One of Jacob's greatest strengths is his ability to think critically and navigate complex projects. He approaches challenges thoughtfully, identifies solutions, and demonstrates the confidence and initiative needed to move projects forward. He is equally comfortable taking the lead on an initiative or stepping in to support his team wherever help is needed. No task is beneath him, and his willingness to contribute, whether to a major project or the smallest detail, speaks volumes about his character and professionalism.

Beyond his technical abilities and strong work ethic, Jacob is an absolute delight to work with. His consistently positive attitude, dependability, and eagerness to contribute make him a valued member of any team. He brings enthusiasm to his work, builds confidence through his follow-through, and makes the people around him better through his collaborative and proactive approach.

I would highly recommend Jacob for any opportunity he pursues. He has the intelligence, initiative, adaptability, and interpersonal skills to make a meaningful impact wherever he goes. Any team would be fortunate to have him, and I have no doubt that he will continue to excel and make valuable contributions throughout his career.

Please do not hesitate to reach out if you would like any additional information regarding Jacob's qualifications or my experience working with him.

Sincerely,

Lisa Bisterfeldt
Chief of Emergency Management and Resiliency
Providence Health System
